

### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Carl Evens on 7/23/10.

The application has been amended as follows:

The **title** has been changed to: Implantable Structures for Local Vascular Delivery of Cladribine in Combination with Rapamycin for Restenosis.

The **abstract** has been reduced in length to comply with the word limit as follows:

Medical devices, and in particular implantable structures, may be coated to minimize or substantially eliminate a biological organism's reaction to the introduction of the medical device to the organism. The medical devices may be coated with any number of biocompatible materials. Therapeutic drugs, agents or compounds may be mixed with the biocompatible materials and affixed to at least a portion of the medical device. These therapeutic drugs, agents or compounds may also further reduce a biological organism's reaction to the introduction of the medical device to the organism. In addition, these therapeutic drugs, agents and/or compounds may be utilized to promote

healing, including the formation of blood clots. Also, the devices may be modified to promote endothelialization.
